- Contribute to your specialty via committee participation
- Increase esteem
- Register for symposium, apply or renew IACN membership ONLINE.
- Customizable Web page listing
- Much more!

See IACN Member Listing

will be officially terminated as members. This means that you may not use your "FIACN" award designation, nor will you be considered "current" in your specialty, receive a discount for [2015 Symposium](#)., receive help integrating your specialty practice into the new healthcare landscape, have a listing on the IACN, and IBCS websites, and more. Don't miss out.

If you have a financial consideration, please [contact us](#) and we can work out a payment plan so that you can maintain your credentials and participate in the tremendous goals we are setting, well into 2016.

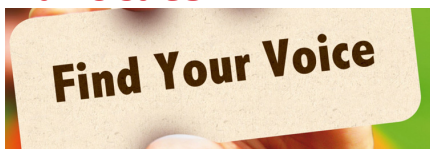

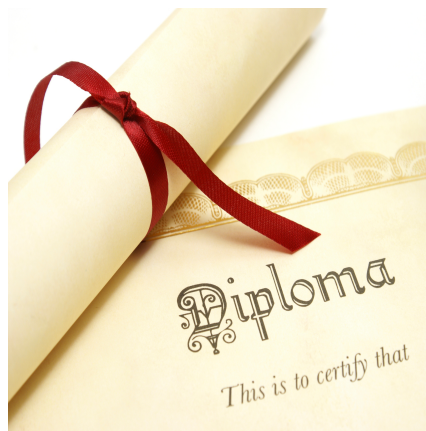

[Re-join the IACN](#) today pay your dues in just a few minutes, and completely ONLINE.

**What's This & Who Are They?**

International Academy
of Chiropractic Neurology

In celebration of our dedication to the new IACN, we have adopted a bright, new logo.

However, we have been getting many contacts from our members asking if the IACN is associated with a new "College" of neurology. The answer is NO. This organization has likely contacted you, but it has no association with the IACN.

**IACN - Your Advocate!****State Licensing Boards Need A Reason: Time to**

Don't miss this opportunity to see the most scholarly program in chiropractic neurology and electrodiagnosis, on November 13-15, 2015 at the "World's Most Famous Beach", Daytona Beach Florida. Join us for a stimulating panel discussion, followed by a visit to the dissection laboratory. Re-connect with your peers at the Friday night reception, but be sure to come to the Saturday Night Banquet, where Dr. J. Donald Dishman will host the festivities and vest our new leadership team.

We already have commitments from speakers and attendees, assuring us of the LARGEST TURNOUT in IACN History!! Do not miss this one. You will be receiving more information as we finalize specifics. You will be able to register online, directly through your IACN account. IACN members will receive a substantial discount on class tuition.

**Your IACN web listing & account**

Once you sign up for membership, you will be listed on the IACN website as current. You will also be given a password, and you will be able to access your online IACN account, and customize certain aspects of your Public Web Page.

Members who have past, but never forgotten... rest in peace our dear friends. We miss you.

SPEAK UP.

The U.S. Supreme Court on Wednesday (February 25, 2015) ruled (6-3) that a North Carolina state dental board does not have the authority to regulate teeth-whitening services, accepting the federal government's claim that the system is anti-competitive because dentists sit on the panel.

Your IACN is developing a committee to investigate how "Chiropractic Neurology" is treated in each state.

Those states where the state examining board has in any way excluded IACN members from utilizing or advertising their neurology expertise will receive a letter from IACN legal counsel requesting the rationale for such a decision. If necessary, the IACN will pursue all legal avenues to require state chiropractic examining boards to have valid criteria for making such decisions if reasonable criteria do not already exist.

Please contact the IACN immediately if you know of, or practice in a state where the chiropractic examining board restricts your neurology credential in favor of any other neurology credential. We are already looking at Texas and California.
